Background Information

- The Ryan White HIV/AIDS Program provides HIV-related services for those who do not have sufficient health care coverage or financial resources to cope with HIV disease. The program is federally funded through the U.S. Department of Health and Human Services (HHS), Health Resources and Services Administration (HRSA), HIV/AIDS Bureau (HAB). Annually, the Ryan White HIV/AIDS Program serves an estimated 533,036 individuals living with HIV/AIDS throughout the United States. In 1996, HRSA first designated the six county Cleveland Region as a Part A Transitional Grant Area (TGA).

Cleveland TGA

The Cuyahoga County Board of Health (CCBH) serves as the Administrator of the Cleveland TGA grant which serves the following Ohio Counties:

- Cuyahoga
- Ashtabula
- Geauga
- Lake
- Lorain
- Medina

According to the Ohio Department of Health, in 2021 there were a total of 6,133 individuals living with HIV/AIDS throughout the TGA. The Cleveland TGA Part A program provided care and support services to a total of 3,276 individuals in 2021, or 53% of the region's total population living with HIV/AIDS.

Planning Council

- As one of the federal requirements of the Ryan White Program, the Cleveland TGA maintains a Planning Council that directs the Recipient (CCBH) for funding decisions
- This group meets monthly and consists of multiple committees, such as Strategy & Finance, Community Liaison, Prevention, Quality, and Membership, Retention and Marketing
- Combined, these committees decide what services are funded in the region and engage the community to ensure the needs of those living with HIV/AIDS are being met

Ryan White Part A
Cleveland TGA
