EHE CAG Meeting Assessment

EHE Community Advisory Group Meeting Assessment
April 10, 2024

The best things that happened in today's meeting were....

- 1)
- 2)
- 3)

In our next meeting, I hope there is an opportunity to....

One thing we can do more of to work better together is...

I am most proud of this group when it...

Icebreaker

- Divide the room in half
- In your groups:
 - One person starts with the ball
 - State your name, pronouns, and what role you play in ending the HIV epidemic.
 - Popcorn! Pass the ball to a random person.
 - Continue until everyone has shared.

Federal Key Strategies

The Ending the HIV Epidemic initiative focuses on four key strategies that, implemented together, can end the HIV epidemic in the U.S.: **Diagnose, Treat, Prevent, and Respond.**

Diagnose all people with HIV as early as possible.

Treat people with HIV rapidly and effectively to reach sustained viral suppression.

Prevent new HIV transmissions by using proven interventions, including pre-exposure prophylaxis (PrEP) and syringe services programs (SSPs).

Respond quickly to potential HIV outbreaks to get needed prevention and treatment services to people who need them.

HIV Prevention & Care

HIV testing is the door to prevention and treatment. [Click here](#) to learn more about the importance of testing and where to get a free test.

HIV stigma and discrimination damage our physical and mental health. [Click here](#) to learn more about stopping stigma.

Medications make your HIV undetectable. Live a healthy life without fear of getting sick from HIV. [Click here](#) to learn more about U=U.

PrEP is a medication that protects you from getting HIV. It's safe, free, and 99% effective. [Click here](#) to learn more about PrEP.

Syphilis is easy to prevent and treat. [Click here](#) to learn more about the importance of testing and where to get treatment.

Thank you!

- Extending a huge thank you to those who participated in the visit from Captain John Oguntomilade of the U.S. Department of Health and Human Services (HHS) in January, or the Health Services and Resources Administration (HRSA) Site Visit in February.
