March 1, 2021 through February 28 2022

Ryan White Part A
Cleveland TGA

End the Epidemic

4 Pillars

Locally, identify projects to accomplish the each of the 4 Pillars within Cuyahoga County

Expectations

- 75% reduction in cases within 5 years
- 90% reduction in cases within 10 years

EtHE 4 Pillars

Diagnose all people with HIV as early as possible.

Treat people with HIV rapidly and effectively to reach sustained viral suppression.

Prevent new HIV transmissions by using proven interventions, including pre-exposure prophylaxis (PrEP) and syringe services programs (SSPs).

Respond quickly to potential HIV outbreaks to get needed prevention and treatment services to people who need them.

Ryan White Part A
Cleveland TGA

End the Epidemic

- Ryan White Part A – Care Projects 2020
 - Data to Care
 - Community Health Worker
 - Client Education VLS U=U
 - Intensive MCM
 - Medical Transport non-VLS
