

# SAFE DRUG USE TIPS

A National Association of Medical Examiner's (N.A.M.E.) accredited office

MEDICAL EXAMINER'S OFFICE

Thomas P. Gilson, M.D.

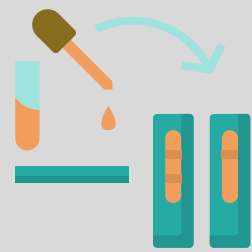

11001 Cedar Avenue

Cleveland, Ohio 44106

## KNOW THE FACTS

Many people are dying from fentanyl mixed in other drugs like cocaine, meth, and fake pills.

Test your drugs with fentanyl test strips each time, the amount of fentanyl present can be unevenly scattered.

You cannot safely use the same amount you were using prior to your treatment.

Sit upright while using. Don't leave someone alone when they use. Use small amounts. Have naloxone ready.

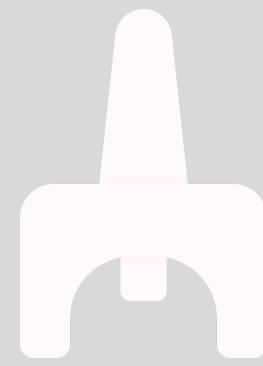

You are more likely to die when you combine drugs, alcohol, and other substances.

Be honest with your care team about your use. Scan the QR code below for resources.

Know what to do in case of an emergency. Street drugs of any amount are not safe.

Call 911, carry naloxone. **Do NOT use alone.**

Find safe use supplies, test strips, and naloxone at your local harm reduction program.

**SCAN QR CODE FOR RESOURCES!**

## DO NOT USE ALONE & CARRY NALOXONE

Phone: (216) 721-5610 · Fax: (216) 721-2559 · Ohio Relay Service (TTY) 1-800-750-0750
