## **I. PROPOSAL INFORMATION**

### **A. Background Statement**

The Cuyahoga County Board of Health (CCBH) has applied for funding from the Ohio Department of Health (ODH) for the program period of 06/01/2025 and ending on 05/31/2029 to implement the Ending the HIV Epidemic (EHE) Prevention program in Cuyahoga County. The prevention services will prioritize groups who experience a disproportionate burden of disease or health outcomes, which are determined by the local HIV epidemiology, along with CDC guidelines. The priority population groups include but are not limited to: men who have sex with men (MSM), Black Non-Hispanic and Hispanic/Latino MSM, Youth (ages 13-24), and people who inject drugs.

The Ending the HIV Epidemic initiative focuses on four key strategies that, implemented together, can end the HIV epidemic in the U.S.: Diagnose, Treat, Prevent, and Respond. Cuyahoga County was identified as one of the 57 priority jurisdictions in the U.S. that account for more than half of new HIV diagnoses. The 10-year initiative aims to end the HIV epidemic in the United States by reducing transmission by 90% by 2030.

EHE counties will strategically advance local activities to *diagnose* all persons with an HIV infection as early as possible, rapidly *treat* persons with HIV infection to reach viral suppression, *prevent* new HIV transmission by using evidence-based, proven interventions and quickly *respond* to potential HIV clusters and outbreaks to interrupt disease transmission and ensure prevention and treatment services are provided to persons who need them.

EHE Prevention Strategies will include: (1) routinize screening to increase the number of people who are aware of their HIV status, (2) increase awareness of prevention messaging and techniques, (3) increase access and linkage to care, (4) promote health equity, (5) increase community and provider knowledge of HIV-related treatment, prevention, epidemiology, and effective policies, (6) and reduce new HIV infections.

The funding for this Request for Proposal is contingent upon CCBH being awarded appropriated funds.

### **B. Proposal Format**

The Board discourages overly lengthy and costly proposals. In order for the Board to evaluate proposals fairly and completely, bidders should follow the format set forth herein and provide all of the information requested.

Proposals that do not adhere to these formatting requirements may be considered non-responsive. Proposals should be submitted in a sealed envelope with the name of the bidder and the relevant RFP name and number on the front.

Responses must be submitted with one (1) original and five (5) copies in addition to one (1) electronic document of the proposal with all required information. All proposals submitted will

become the property of the Board and will not be returned.

Proposals must remain open and valid for ninety (90) days from the opening date, unless the time for awarding the contract is extended by mutual consent of the Board and the bidder.

### **C. Need Statement**
