

Home and Community-Based Health Services

SERVICE CATEGORY DEFINITION

Home and Community-Based Health Services:

Home and Community-Based Health Services are provided to a client living with HIV in an integrated setting appropriate to a client's needs, based on a written plan of care established by a medical care team under the direction of a licensed clinical provider.

Services include:

- Appropriate mental health, developmental, and rehabilitation services
- Day treatment or other partial hospitalization services
- Durable medical equipment
- Home health aide services and personal care services in the home

Inpatient hospitals, nursing homes, and other long-term care facilities are not considered an integrated setting for the purposes of providing home and community-based health services.

CLIENT INTAKE AND ELIGIBILITY

All agencies are required to have a client intake and eligibility policy on file. It is the responsibility of the agency to determine and document client eligibility status, as outlined in the Ryan White Part A—Cleveland TGA Eligibility Policy.

Eligible clients must:

- Live in the Cleveland TGA (Cuyahoga, Ashtabula, Lake, Lorain, Geauga, or Medina County)
- Have an HIV/AIDS diagnosis
- Have a household income that is at or below 500% of the federal poverty level
- Be uninsured or underinsured

Services will be provided to all Ryan White Part A-qualified clients without discrimination on the basis of: HIV infection, race, creed, age, sex, gender identity or expression, marital or parental status, sexual orientation, religion, physical or mental handicap, immigrant status, or any other basis prohibited by law.

PERSONNEL QUALIFICATIONS

Staff providing Home and Community-Based Health Services may include, but are not limited to: home health aides, nurses, physical therapists, and/or social workers. Depending on the scope of practice, staff must meet the appropriate licensure and/or certification requirements set forth by the State of Ohio where applicable.

Each agency providing Home and Community-Based Health Services must have and implement a plan for supervision of all staff consistent with licensure status and scope of practice. Staff must be evaluated at least annually by their supervisor according to written agency policy on performance appraisals.

CARE AND QUALITY IMPROVEMENT OUTCOME GOALS

The overall treatment goal of Home and Community-Based Health services within the Cleveland TGA is to provide high quality in-home services that assist with increasing activities of daily living (ADL) and adherence to medical care for eligible individuals living with HIV/AIDS.

Clinical Quality Improvement outcome goals for Home and Community-Based Health Services include:

- 80% of Home and Community-Based Health Services clients have a written care plan signed by a clinical health care professional.
- 80% of Home and Community-Based Health Services clients are linked to medical care as documented by at least one medical visit, viral load or CD4 test reported in the measurement year.
