

Thrive For Change (Thrive4Change) promotes health, hope, and healing for individuals at risk of overdose and their loved ones through education, collaboration, advocacy, and direct service.

## Objectives and Goals under OD2A

### NALOXONE LEAVE BEHIND PROGRAM

Thrive4Change collaborated with First Responders to provide naloxone kits and resources to individuals who have survived an overdose or who are facing substance abuse challenges.

### OVERDOSE SPIKE RESPONSE PLAN

Thrive4Change worked towards a community response plan to respond to community overdose spike alerts, disseminate information, and establish calls to action.

### STIGMA AND HARM REDUCTION WORK

Thrive4Change implemented and delivered public safety overdose prevention education and stigma reduction among public safety providers and community members in Cuyahoga County.

## Achievements and Accomplishments: Year Two
